Dual screen presentation & shipping solution

EZ-LIFT DUAL FOR ALL FLAT-SCREEN MONITORS 46" TO 52"

An innovative EZ-LIFT DUAL™ case will make transport, protection and use of two-screen presentation systems and mini video walls practical. Use it for digital signage applications, command and control centers, trade shows and training rooms.

Use the monitors as separate displays or combine them for a single image (monitors and processor not included). Store, transport and use them in the EZ-LIFT case. It's ready in minutes!

NEC Display monitors (pictured) are not included.

Optimized for the best viewing and shipping experience

- EZ-LIFT® technology gently lifts one permanently-mounted display out of the protective case. The second stores in the same case, mounts on the display frame in seconds.
- Bottom monitor is permanently connected and instantly ready for use
- Top mount is pre-set for quick final connection
- Case designed for two 46" to 52" plasma or LCD displays mounted vertically in a 1 x 2 matrix

Quality American construction

- Five year warranty on lift mechanism
- One year warranty on other components
- Manufactured in the USA

Features

- Universal mounting brackets for two flat-screen displays
- Shock-mounted monitor frame
- Latching 2-piece lid is split for easy access
- Four 6" locking casters for smooth transport
- Front and rear stabilizers for added protection against tip over

Specifications

- Model EL-50X2 for 46" - 52" displays
- Construction: high impact ABS plastic over 1/2" wood frame with steel corners, aluminum trim.
- Foam interior specifically designed to protect LCD or plasma display while attached to shock-mounted gas lift.
- Additional foam compartment for second display
- Case Dimensions: 64" (H) x 29" (D) x 61" (W)
- Weight (without monitors): 435 lbs.

Options

- EQUIPMENT PANEL mounts to back side of lift for mini computers and wireless devices
- REMOVABLE SIDE SHELF holds DVD player, VCR, laptop computer and related items
- DRAPERY KIT gives it a finished look ready for any presentation

Storage area for second monitor.
