Classrooms & Training Facilities - 2003 Best Presentation Rooms

Honoring the best facilities of 2002

Third Prize

University of Illinois

TRECC Room, National Center for Supercomputing Applications
West Chicago, Ill.

larger view

The TRECC Room (for Technology, Research, Education and Commercialization Center) is a videoconferencing masterpiece. Used by some of the world's top computer scientists and researchers, the room has eight videoconferencing cameras, eight ceiling mics, and a display and network system that can bring in 40 off-site videoconferencing locations at once. Add to this a number of projectors, plasma displays and audioconferencing systems, and you have a facility that meets the demands of even the best computer minds.

STATS

AV cost: \$507,000
Total cost: N/A
Executive architect: Mitra S. Precht/Bruce Wance, 630.969.7000
